Please provide a short chronological summary of the incident: what happened; when (date/time); who was involved?

Since 2017, I've been attacked over synthetic telepathy by a secret global (criminal) organization that is mostly called New World Order (NWO) org. Voices (aka v2k) have been abusing me sometimes 24/7 days, weeks, months without stopping, making my life hell and doing this in the most inhumane possible way. After the horrors of WW2, I didn't think a human could do any worse to another human but what is happening now globally to an estimated more than 7 million Targeted Individuals (TI's) just like me. I've written several articles explaining more about this phenomenon as I tried to study it while being abused.

slavery

If relevant to the alleged violation, please specify whether it has been reported to the labour inspectorate and what was the action taken, if any.

The goal of NWO is to do a global power grab and install a global fascist dictatorship that essentially enslaves all humans (with some deceptions) using its secretive technology for synthetic telepathy that it uses to apply mind-control to all humans. TI's are essentially human experiments conducted in almost all countries to localize and refine the mind-control-program's needed to control the entire population

torture

Please indicate where the person was seized (city, province, etc.) and location at which the torture was carried out, if known.

Torture happens over telepathy. Next to the abuser voices (v2k) they can also use telepathy to remotely inflict pain as well as deregulate bodily functions. There are reports of remote hearth attacks and a lot of brain hemeroges (stroke). The torture is often also sexual as this telepathic technology also allows the abuser to create feelings of being touched as well as be raped. I myself regularly have to undergo this on my testicals and anus.

Description of the form and methods of torture used abd any injury sustained as a result.

see my medical file on: <https://github.com/stepvda/medical> there are MRI scans before/after that show scar tissue in my brain. my latest EEG of July 7th 2025 shows abnormal activity, see the neurologist report

What was believed to be the purpose of the torture?

brainwashing, conditioning, breaking down the person and depriving more and more, privacy, sovereignty of thought, freedom of thought,.....

Was the alleged victim(s) examined by a doctor at any point during or after victim's ordeal? If so, when? Was the examination performed by a prison or government doctor?
